

Price Sheet for Streamers

How to read the chart:

The left most column is the item code, S is for streamers. The next digit is either 3 or 5 this is the number of 2-inch streamers, the next two digits are the length in inches that you want the streamers to all be. UL is for underlays there is only one. It is 2.5-inches and it typically goes under the center streamer. More can be added under other streamers if wanted.
